The introduction of non-native species has also changed the ecology of the pond. The spotted wing midge was first identified in Hawaii in 1945. The midge has found the pond to be an extremely attractive habitat. A study by Ducks Unlimited estimated that on any given day during the wet season there may be as many as 200 million adult and near-adult midges. During midge season the uninitiated visitor may think the refuge is on fire at dawn or dusk, with smoldering fires throwing up swirling clouds of smoke. But it is not smoke. It is clouds of midges swarming.

The midge swarms invade surrounding residences. The midges are small enough to go through screens and some residents have been reduced to keeping their lights out in a vain effort to keep the invaders away. Motorists report that their cars are covered with squashed midges when driving in the area.

Kealia Pond is also home to non-native tilapia. These fish make up 90 percent of the fish population of the pond. They do more damage than good for the wetlands. When the pond dries up there are massive fish die offs. In 1996 Maui correctional inmates, working under the direction of the pond's on-site manager, removed 14 tons of dead and rotting fish from the refuge.

There have been studies of aspects of the ecology of the pond done over the years, both in the public and private sector. However, the studies have frequently concentrated on one aspect of the problem or another. There has been no study directed at restoring Kealia Pond to its natural state.

H.R. 3176 requires a study to identify ways of dealing with these man-made plagues of dust, bugs and rotting fish. My constituents recognize the value of the pond and its contribution to preserving native Hawaiian endangered species. They want to see Kealia Pond restored to its natural state with its native fauna.

Passage of H.R. 3176 will get the answers needed to restore Kealia Pond.

Mr. GEORGE MILLER of California. Mr. Speaker, I yield back the balance of my time.

Mr. SHERWOOD. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. PEASE). The question is on the motion offered by the gentleman from Pennsylvania (Mr. SHERWOOD) that the House suspend the rules and pass the bill, H.R. 3176.

The question was taken.

Mr. SHERWOOD. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12 of rule I, the Chair declares the House in recess until 6 p.m.

Accordingly (at 1 o'clock and 46 minutes p.m.), the House stood in recess until 6 p.m.
